

OKLAHOMA STATE FAIR, INC.

2019 Special Admissions Program Guidelines

The Oklahoma State Fair (OSF) special admission program is designed to provide a means for groups who have special social, economic or physical needs to attend OSF. The program allows vehicles of the special needs groups to pull up to a convenient, accessible Gate to unload/load passengers. Examples of groups: Nursing homes, retirement centers, special needs homes. OSF does not contact special admissions groups that attended previously through the special admissions program to have them complete the current year's application.

The [website](#) is updated each year for open enrollment into the special admissions program. It is the responsibility of each organization to check our website each year and complete the application by the deadline. For 2019, the application will be available Monday, July 15, 2019 at 9:00 a.m. thru Wednesday, August 7, 2019 at 5:00 p.m. All deadlines are firm.

A completed special admissions application does not guarantee entrance into the special admissions program. Availability into the program is limited and groups will receive priority in the following order: veterans groups, application date, size of group and availability of OSF date choices. Incomplete applications will not be accepted. Applications may not be saved and accessed later. Please only complete the application one time per group. If the organization you are with has multiple groups interested in arriving at different dates and times, you will need to complete one (1) form per group.

If the special admissions program becomes full, groups will be required to alternate years they participate in the program. Advance notice of the special admissions program implementing that process will not be possible. Entrance into the special admissions program in previous years does not guarantee acceptance in future years.

Once your application is received, you will receive a response email with more information regarding your application. Please set your email preferences to allow emails from no-reply@wufoo.com.

It is the responsibility of each chaperone/group leader to assure its participants follow the rules below and the rules of OSF. It is the responsibility of each chaperone/group leader to ensure the safety of its participants.
