RULES AND REGULATIONS

The professional level competition is open to all wineries, distributors and importers. Amateur entrants must be a resident of the United States and 21 years of age or older to enter.

Only one wine may be entered in each class and each entry requires two (2) bottles of wine. One bottle is for tasting and one for display. Please ensure that the bottles have corresponding labels. The entries must be in 750 ml bottles with identifying labels. A 375 ml bottle will be accepted for dessert wines. If you wish to reclaim your unopened bottles, you MUST be present on the reclaim date of September 29 between 10 a.m. - 1 p.m. Bottles not picked up at that time will become property of the Oklahoma State Fair.

Tip for Amateur Wine makers - Please make sure that your bottles are labeled with the winery name with which you have registered. If your name does not appear on the wine label, please attach a smaller label or sticker to the underside of the bottle with your first and last name.

All wines entered must be fermented by the entering wine maker. This rule will be strictly adhered to and strongly enforced. Any wine maker who enters a wine that is not fermented at his/her home or licensed winery will be disqualified from the competition. Amateur wine makers related to professional wine makers may not enter in the amateur division.

All contests are conducted under the Oklahoma State Fair and the Creative Arts General Rules. In signing the entry form, the entrant agrees that his or her entries are in full agreement with these rules and the rules of the Oklahoma State Fair.

JUDGING

Awards are presented on a merit basis. The judges are instructed to grant no awards when, in their opinion, products are unworthy. They are empowered to grant duplicate awards.

After all wines are scored, the top-scoring wines of each category are judged again for the determination of the Best of Show Awards. Decisions of 2020 Oklahoma State Fair Wine Contest judges are final. Judges are selected by the Oklahoma State Fair and consist of members representing trade, education, media, retail and restaurants. The contest will be a blind judging by category, then class.

The Non-Grape Wines class is limited to natural wines produced from honey or fruits other than grapes. Judges will be advised as to what type of wine they are tasting (specific fruit or honey).

MEDALLIONS & ROSETTES

All wine categories may be presented with the following awards: Grand Champion International, Best of Show, Gold, Silver and Bronze. Oklahoma wines are also eligible for Grand Champion Oklahoma. Wineries using Oklahoma-grown grapes may be considered for the Max Knotts Award (see below). Amateur wines are judged separately from professional wines.

The Grand Champion International Award goes to the best wine from any location: state, national or international. The Grand Champion Oklahoma Award goes to the best wine from the state of Oklahoma. Best of Show awards are given for white wine and for red wine in the amateur and professional divisions. The Best of Show Awards may go to wine in any class.

WINE LABEL CONTEST

Every wine (with a distinct label) entered into the Wine Contest will also be entered into the Wine Label Contest. Labels are judged on clarity, creativity and overall design. Wine bottle labels for wines entered into the amateur wine division are judged alongside wines entered in the professional division. Judges are not told which wines are amateur entries and which wines are professional entries.

Special ribbons are awarded for award winning labels.

MAX KNOTTS VINTNER AWARD

Wines produced from Oklahoma-grown grapes are eligible for the Max Knotts Vintner Award.

Vintners must designate three wines to be considered for this award. Total points for the award are earned through medallions awarded (3 for gold, 2 for silver, 1 for bronze) on these three wines. The winner receives a specially sculpted award during the Wine & Home Brew Awards Ceremony, currently scheduled for 8 p.m. on Friday, September 18 during the Oklahoma State Fair.

Note: In the event of a tie, judges will make the award based on the quality of the top wine for each vintner.

SHIPPING

The wines that were registered online should be shipped to arrive between June 22 - July 2, 2020.

This allows time for staff to verify that the proper wines have been shipped and to re-ship any wines that may have been sent in error or damaged in transit. Shipping and import duty costs are the sole responsibility of the entrant. Oklahoma State Fair, Inc., will not assume costs for shipping errors, import taxes or freight charges.

Boxes must be marked "FOR COMPETITION ONLY, NOT FOR RESALE" and must contain a copy of your information form as well as any special instructions.
