Said protest must state plainly the cause of complaint or appeal and must be filed with the Manager by 5 p.m. on Thursday of the closing week of the Fair. Judges will be encouraged to view exhibits after items have been placed on display with names. If they believe that an exhibitor is not in the correct skill level, that judge will be encouraged to protest the placement.

CLASS DEFINITIONS

A basket is commonly woven of reed or cane. Reed is the inner core of rattan that has been cut into flat, round and flat oval shapes. Cane is the bark of the vine. This vine grows in Indonesia and is cut and processed in China. Traditional baskets are used to carry or hold something and often have an over one/under one weave.

TRADITIONAL

Ribbed – Ribbed baskets have spokes of round or oval material that extend from one side to the other and are tucked into a God’s Eye, or other appropriate design, on either side of the basket. They can be woven on hoops or rings that are held in place by this design. They were used for gathering eggs, melons and potatoes. Some are called key baskets or oriole baskets depending on their particular shape.

Twill Variations – Twill weave is sometimes called herringbone weave. The spokes are flush against each other rather than spread apart as in traditional weaving. The basic weave is over and under a repeating number of spokes, forming a pattern or design. There are many variations that make designs such as a diamond, arrow or “X”.

Double Walled – A double walled basket is woven with an inside and outside wall.

Coiled – A coiled basket is sewn together with such things as waxed linen, sinew, raffia or fabric. Typically, coiled baskets are made of fabric, pine needles or native grasses that are wound, tied or sewn in rows around the basket.

NON-TRADITIONAL

Gathered Materials – These baskets are made of things gathered from nature such as grapevine, honeysuckle, kudzu, grasses, bark and willow. They can be different shapes and can be woven many ways.

Non-Traditional Contemporary – These baskets have unusual designs or are made of materials not usually associated with traditional basketry. Some examples of these materials are paper, ribbon, plastic strips, wire and yarn.

Non-Wood – Non-wood baskets can be woven from anything other than wood, such as gourds, pine needles, feathers, beads, agate, bones, antlers, waxed linen, string and wire.
