

HEALTH & SANITARY REGULATIONS

OVERVIEW

1. The State Board of Agriculture provided the following rules and regulations to the Fair. These rules will govern admission of livestock OSF.
2. An official of the Animal Industry Division, Oklahoma Department of Agriculture, Food & Forestry, will be present during livestock entry times and will check all health certificates required under the following regulations.
3. The Animal Industry Division, Oklahoma Department of Agriculture, Food & Forestry, must validate all Certificates of Veterinary Inspection (CVI), formerly known as health certificates before animals are given stall or pen space in the barns.
4. An official Certificate of Veterinary Inspection (health certificate) must accompany all show animals. The official CVI (health certificate) must be issued within 30 days before the date of entry and shall be available at all times to the representatives of the Animal Industry Division. All out-of-state livestock, including domesticated poultry, birds and rabbits must meet Oklahoma's import requirements. Import requirements may be obtained by going to <http://ag.ok.gov/ais/oair.pdf>.
5. All animals must be free of infectious, communicable or contagious disease and if such disease is found, it will be cause for removal of the animal(s) from exhibition.

CATTLE

1. Cattle must be accompanied by an official CVI (health certificate), issued within 30 days of arrival that shows complete description of livestock as to age, sex, breed and individual identification, such as tattoo or ear tag. It also must show the animals are free of external parasites, ringworm, warts and any infectious, contagious or communicable disease. Cattle from out-of-state are required to have an official USDA identification tag as required by the Federal Animal Disease Traceability rule.
2. All out-of-state sexually intact cattle originating from states that are not Brucellosis class free states, and are 18 months of age and older, must be tested negative for brucellosis within 30 days of arrival at the show.
3. No tuberculosis (TB) test is required for beef or dairy cattle from Oklahoma.
 - **Out-of-state beef breeds:** 18 months of age and older must originate from TB free state, a TB Accredited Free Herd or must be TB test negative within 60 days of arrival at the show.
 - Areas not Tuberculosis Free as of June 1, 2018 are the Michigan counties of Montmorency, Alpena, Oscoda, and Alcona.
 - **Out-of-state dairy breeds:** 6 months of age and older must originate from a TB Accredited Free Herd or must be TB test negative within 60 days of arrival at the show. The TB Accredited herd number must be indicated on the CVI (health certificate). Any sexually intact dairy animal 6 months of age or older changing ownership within the state of Oklahoma is required to have a negative TB test within 60 days before change of ownership. If you have any questions or concerns you may call the Oklahoma Department of Agriculture, Food, and Forestry Animal Industry Services at 405-522-6141 for definite regulations.

SHEEP & GOATS

1. Must be accompanied by an official Certificate of Veterinary Inspection (CVI). The CVI must show the animal to be free of any infectious, contagious or communicable disease, and include a statement indicating the animal to have been inspected and found free of scabies and other external parasites. All sheep and goats must be individually identified with one of the following:
 - Official USDA ear tag
 - Official breed registry tattoo, (only if animal is accompanied by a registration certificate).
 - For animals not suitable for ear tagging, legible flank or tail-web tattoo, (must contain premise ID and individual animal number).

ILLEGIBLE TATTOOS WILL BE CONSIDERED AS NO IDENTIFICATION.

SWINE

2018 OKLAHOMA STATE FAIR – September 13 thru 23

1. Must be accompanied by an official Certificate of Veterinary Inspection (CVI), that shows official individual identification by an 840 electronic tag, complete description of livestock as to age, sex, breed, and also that they are free of external parasites, ringworms or warts, or any infectious, contagious or communicable disease. **All swine must have a premises ID listed on the CVI.**
2. **In-state swine** must have a negative test for Brucellosis and Pseudorabies after June 1, 2018 or be from a Validated Brucellosis/Qualified Pseudorabies Free Herd, and be exhibited by the owners and/or immediate family members. The last quarterly test date (July test) must be listed on the CVI.
 - **Breeding gilts** should be quarantined and retested 30 days after the show before being commingled with other breeding swine.
 - **Out-of-state swine** must have a CVI, an entry permit, proof of negative test for Brucellosis and Pseudorabies within 30 days of entry to the fair, or be from a Validated/Qualified Herd with verification of the last quarterly test within 3 months, and be identified with an official USDA Ear Tag.

DOGS

1. Must be accompanied by an official Certificate of Veterinary Inspection (CVI).
2. All dogs over 3 months of age must have been officially vaccinated against rabies within 12 months of arrival. All dogs must have been vaccinated against distemper, hepatitis, leptospirosis, and parvovirus within the previous 12 months.

LLAMAS & ALPACAS

1. Each animal must be accompanied by an individual Certificate of Veterinary Inspection (CVI), stating that the animal is free of infections and contagious disease within 30 days before arrival at the show.

EQUINE

1. All horses and other equine must be accompanied by a Certificate of Veterinary Inspection (CVI), formerly known as a health certificate or valid Equine Passport showing age, breed, sex and markings to positively identify the animals, including all vaccinations, date and result of required tests, and issued within 30 days of arrival and an official document verifying a negative test for Equine Infectious Anemia (EIA) [Coggins test] showing a test date within 12 months prior to exhibition. Nursing foals less than 6 months of age, accompanied by their negative tested and documented dams, are exempt from test requirements. The laboratory conducting the test must be approved by APHIS, USDA. Both aforementioned documents must clearly identify the animal(s) listed and be presented upon arrival before the animals can be admitted to the grounds or unloaded from the transport vehicles. Any horse/pony/equine arriving without the above-defined documentation will not be allowed entrance onto the grounds or into the barns. For additional information contact the OK Dept. of Agriculture, Animal Industry Services at 405-522-6141.
