

OVERVIEW

1. The State Board of Agriculture provided the following rules and regulations to the Fair. These rules will govern admission of livestock at OSF.
2. An official of the Animal Industry Division, **Oklahoma Department of Agriculture, Food and Forestry (ODAFF)**, will be present during livestock entry times and will check all **Certificates of Veterinary Inspection (CVI)** required under the following regulations.
3. The Animal Industry Division, Oklahoma Department of Agriculture, Food and Forestry, must validate all Certificates of Veterinary Inspection before animals are given stall or pen space in the barns.
4. An official Certificate of Veterinary Inspection (CVI) must accompany all show animals, with the exception of some poultry (see "Poultry" below). The official CVI must be issued within 30 days of arrival and shall be available at all times to the representatives of the Animal Industry Division.
5. **All out-of-state livestock**, including domesticated poultry, birds and rabbits must meet **Oklahoma's Import Requirements**. [ODAFF – Health Requirements Governing the Admission of Animals](#).
6. All animals must be free of infectious, communicable, or contagious diseases and if such disease is found, it will be cause for removal of the animal(s) from exhibition.
7. For the most current information, call **405-522-6141** or access [ODAF-Animal Industry State Veterinarian](https://ag.ok.gov/divisions/animal-industry-state-veterinarian/) (<https://ag.ok.gov/divisions/animal-industry-state-veterinarian/>) and scroll down to the section for **Animal Movement and Importation**.

CATTLE

1. Cattle must be accompanied by an official Certificate of Veterinary Inspection, issued within 30 days of arrival that shows complete description of livestock as to age, sex, breed, and individual identification, such as tattoo or ear tag.
2. Cattle from **out-of-state** are required to have an official USDA identification tag as required by the Federal Animal Disease Traceability rule.
3. **All dairy cattle** regardless of being from Oklahoma or out-of-state are required to be identified with Official USDA identification.
4. No tuberculosis (TB) test is required for beef or dairy cattle from Oklahoma.
5. **All lactating DAIRY cattle:** All lactating dairy cattle planning to exhibit must contact their veterinarian to collect a milk sample and submit it to the Oklahoma Animal Disease Diagnostic Laboratory or similar state laboratory for out of state cattle to be tested for HPAI.
 - a. The sample must be collected within 7 days of movement to the exhibition
 - b. Negative results must be listed on a Certificate of Veterinary Inspection with official identification. The CVI must be completed within 7 days of entry to the exhibition.
 - c. If the dairy the cow originates from is being tested monthly by bulk tank sampling as part of the USDA National Milk Testing Strategy, the last two negative bulk tank testing dates may be listed in lieu of individual testing.
6. **Out-of-state BEEF breeds:** Must originate from a TB free state, a TB Accredited Free Herd or must be TB test negative within 60 days of arrival at the show if over 6 months of age.
7. **Out-of-state DAIRY breeds:** Must originate from a TB free state, a TB Accredited Free Herd or must be TB test negative within 60 days of arrival at the show if over 6 months of age.
8. Any sexually intact dairy animal 6 months of age or older changing ownership within the state of Oklahoma is required to have a negative TB test within 60 days before change of ownership.
9. **All Cattle from MICHIGAN:**
 - a. Areas not Tuberculosis Free as of June 1, 2026, are the Michigan counties of Montmorency, Alpena, Oscoda, and Alcona This is subject to change. It is the exhibitor's responsibility to be up to date.
 - b. Please refer to the [ODAFF- Health Requirements Governing the Admission of Animals](#) for specific requirements.

BISON (New)

1. Each animal must be accompanied by an individual Certificate of Veterinary Inspection (CVI), stating that the animal is free of infections and contagious disease within 30 days before arrival at the show.

SHEEP AND GOATS

1. Must be accompanied by an official Certificate of Veterinary Inspection. The CVI must include a statement indicating the animal to have been inspected and found free of scabies and other external parasites.
2. All sheep and goats must be individually identified with one of the following:
 - a. Official USDA ear tag
 - b. Official breed registry tattoo or microchip, (only if the animal is accompanied by a registration certificate).

ILLEGIBLE TATTOOS WILL BE CONSIDERED AS NO IDENTIFICATION.

LLAMAS AND ALPACAS

1. Each animal must be accompanied by an individual Certificate of Veterinary Inspection (CVI), stating that the animal is free of infections and contagious disease within 30 days before arrival at the show.

SWINE

1. Must be accompanied by an official Certificate of Veterinary Inspection, (CVI), processed and issued within 30 days of arrival, that shows official individual identification by an 840 electronic tag, and complete description of livestock as to age, sex, and breed. **All swine must have a premises ID listed on the CVI.**
2. **In-state swine** must have a negative test for Brucellosis and Pseudorabies after May 15, 2026, or be from a Validated Brucellosis/Qualified Pseudorabies Free Herd and be exhibited by the owners and/or immediate family members. The last quarterly test date (July test) must be listed on the CVI.
 - a. **Breeding gilts** should be quarantined and retested 30 days after the show before commingling with other breeding swine.
3. **Out-of-state swine** must have a CVI, an entry permit, proof of negative test for Brucellosis and Pseudorabies within 30 days of entry to the show or be from a Validated/Qualified Herd with verification of the last quarterly test within 3 months and be identified with an official individual USDA Ear Tag.

DOGS

1. Must be accompanied by an official Certificate of Veterinary Inspection.
2. All dogs over 3 months of age must have been officially vaccinated against rabies within 12 months of arrival.
3. All dogs must have been vaccinated against distemper, hepatitis, leptospirosis, and parvovirus within the previous 12 months.

EQUINE

1. All horses and other equine must be accompanied by a Certificate of Veterinary Inspection or valid Extended Equine Certificate of Veterinary Inspection showing age, breed, sex, and markings to positively identify the animals, including all vaccinations, date, and result of required tests, and issued within 30 days of arrival and an official document verifying a negative test for Equine Infectious Anemia showing a test date within 12 months prior to exhibition.
2. Nursing foals less than 6 months of age, accompanied by their negative tested and documented dams, are exempt from test requirements.
3. The laboratory conducting the test must be approved by APHIS, USDA. Both aforementioned documents must clearly identify the animal(s) listed and be presented upon arrival before the animals can be admitted to the grounds or unloaded from the transport vehicles.

POULTRY (New)

1. In-State poultry:
 - a. Either be NPIP Certified, with a copy of the certificate available, OR
 - b. Have a Negative PT test less than 90 days prior to the show date, have a permanent leg or wing band, and a CVI within 30 days.
2. Out-of-state poultry:
 - a. Either be NPIP certified and have a Form 9-3 less than 30 days prior to the show OR
 - b. Have a negative PT test less than 90 days prior to show, have a permanent leg or wing band and a Certificate of Veterinary Inspection (CVI) less than 30 days prior to the show date.

Rabbits (New)

1. Each animal must be accompanied by an individual Certificate of Veterinary Inspection (CVI), stating that the animal is free of infections and contagious disease within 30 days before arrival at the show.
