THE Midway OF THE MOTHER ROAD

OK!LAHOMA STATE FAIR

Our team is excited to have you join us!

We take pride in hosting Oklahoma's most elite livestock, and we honor the hard work, the dedication, and the passion you embody as one of our valued exhibitors. When you enter the show arena, we share this experience with you; we celebrate all of the highs, the lows, the sweat, the emotions, and the meaningful "little moments" that paved your pathway to the Oklahoma State Fair.

Our State Fair legacy goes far beyond appointing grand champion titles - our legacy represents over a century of agriculturalists who believed in the importance of preserving an industry vital to the prosperity of Oklahoma. This fall, we ask that you help us continue the task of narrating our story and preserving our legacy - go make special State Fair memories while serving as an ambassador for an industry (often misrepresented and misunderstood) that desperately needs advocacy and stewardship.

Our mission and our promise remain constant - we are dedicated to cultivating an immersive event that highlights the importance of agriculture and all facets of the livestock industry. With that in mind, our team would like to thank you for choosing to spend your time with us. We are looking forward to an incredible Fair, and we are so glad you are here - welcome to the 2026 Oklahoma State Fair. Enjoy your visit and good luck future champions!

Exhibitors are not permitted to bring their own generators. 30 AMP plugs have been installed to receive the additional power provided by the generator(s). In order to use these plugs, an adapter for the cords of equipment using these receptacles (blowers and fans) is required. Make sure to bring a **30 AMP 3-prong L5-30 adapter.** Generator(s) will shut down at approximately 10:00 p.m. each night and turn back on at approximately 6:30 a.m. each day.
- Any chapter who opts to pay by check must have payment postmarked on/before September 1.

ALL EXHIBITORS ARE RESPONSIBLE FOR BEING AWARE OF AND ADHERING TO ALL RULES. ENTRY IN ANY EVENT/SHOW/DIVISION CONSTITUTES AS YOUR AGREEMENT TO ABIDE BY ALL RULES/GUIDELINES AS PROVIDED HEREIN OR BY VERBAL INSTRUCTION/REQUEST MADE BY ANY OKLAHOMA STATE FAIR STAFF, OFFICIALS AND/OR SUPERINTENDENTS.

ADMINISTRATIVE RULES AND REGULATIONS

1. Oklahoma State Fair, Inc. (hereinafter referred to as OSF), through its authorized officials, reserves the final and absolute right to interpret and enforce its own rules and regulations, and to settle and determine all matters, questions and differences connected with or incidental to the Oklahoma State Fair (OSF).
2. OSF reserves the right to amend or add to these rules, as they deem necessary. In the event of a conflict regarding general or special rules, the latter will govern.
3. No dogs or other pets are permitted at OKCFP, whether on a leash or not. Only bona fide service dogs, trained animals in scheduled acts, OSF competitions and police dogs are allowed. Violations could result in a $50 fine, impounding of the animal and/or expulsion from the OSF.
4. OSF does not permit the use of balloon displays, inflatable decorations, public address systems, electronic amplifiers, gongs, bells, and other noisy instruments without prior approval. Distribution of helium-filled Mylar balloons is not allowed under any circumstances.
5. No person will be permitted to distribute or post advertising material, handbills, fliers, or heralds at OKCFP without prior approval from the OSF administration, and then only within the designated space. OSF can demand the removal of any advertising matter it considers objectionable.
6. Commercial Activity/Merchandise Sales: No exhibitor shall sell or gift merchandise/product unless they have purchased vendor space to conduct such sales.
7. All space is owned and designated by OSF. Management reserves the right to reassign any space, stall or pen not occupied by the exhibitor on any specified date. No exhibitor will be allowed to sublet or sell any space, privilege, stall, or pen without written permission from the OSF. No exhibitor will be allowed to sell or trade entries with exhibitors not entered in the show.
8. Admission each day requires the display and verification of an outside gate admission ticket or armband purchase. Re-entry requires a hand stamp and the armband or ticket stub.
9. Failure to comply with these rules and regulations will cause forfeiture of premiums and privileges and be considered sufficient cause to bar said exhibitor from future participation at the OSF.
10. Firearms: Per Oklahoma State Statute Title 21, Section 1290.22 (D) 3, carrying a concealed or unconcealed firearm is prohibited at OKC Fair Park during the Oklahoma State Fair. This restriction extends to any person, regardless of their professional licensing, occupation, or jurisdiction.
11. OSF reserves the right to eject or cause to be ejected from OKC Fair Park any person(s) it deems objectionable or in violation of any applicable laws, rules or regulations in its sole discretion.
12. Security screening measures and special policies are in effect. Anyone on property for any purpose is subject to and must comply with all posted measures and policies whether provided at entry points, on the OSF website, in any written materials or as verbally issued by OSF Management or designated security personnel. Measures and policies are subject to change without notice.
13. A youth admissions policy will be in effect. Youth under the age of 18 will be required to be accompanied by a responsible person at least 25 years of age or a parent or legal guardian. Youth in official, sanctioned OSF activities may be considered as accompanied by a teacher, chapter leader, extension agent, contest superintendent/official, producer/promoter or sponsor as applicable, regardless of age or familial relation. Youth in these activities should enter the specified gate as instructed to avoid confusion with public/attendee policies at the general admission gates. Youth may be asked to identify if they are involved in these sanctioned activities when away from activity locations; please be prepared to identify the specific activity if necessary to any security officials.

EXHIBITOR'S WAIVER AND RELEASE OF LIABILITY

By completing and submitting any/all entries into any OSF competition, all individuals associated with any contestant, exhibitor, owner, associate, assistant, guest and/or animal(s) hereby releases, discharges and agrees to indemnify Oklahoma State Fair, Inc., the City of Oklahoma City, and the City of Oklahoma City Public Property Authority (and all of their officers, directors, members, managers, agents, representatives and employees) ("Indemnified Parties") from any and all losses or expenses of any kind, civil penalties, crimes, and causes of actions (including cost for defense, settlement and attorney fees) arising from or related to (1) death or bodily injury to any person, (2) destruction, damage, loss of theft of any property, (3) any violation of any law or (4) any other claim, cause of action, damage or expense, which results from or arises out of any act or failure to act, claim, demand or action arising from or by reason of personal injury that may occur to any associated individual(s) or animal(s) or properties entered or attending this Event being held at OKC Fair Park (OKCFP), whether caused by the actual or passive negligence of the Releases, while aforementioned individual(s) are at OKCFP and/or competing, observing, working in, or for any purposes participating at the Oklahoma State Fair. All associates as mentioned herein voluntarily agree to the release and waiver of liability and indemnity agreement as indicated by their submission of entries and their presence at OKCFP. All involved individuals are aware of and understand Oklahoma Statutes, Section 50 of Title 76 pertaining to the Oklahoma Livestock Liability Limitations Act. The person submitting these entries, therein agrees to accept authority to act as agent for actual and/or recorded owner(s) of any/all animal(s) being entered, if applicable, and, in doing so, indicates acceptance of all rules, regulations, liability limitations for all individuals so named as owner, trainer, agent, exhibitor, rider, handler, groom, guest and/or showman. The person submitting these entries accepts responsibility and verifies accuracy of all information provided herein.

This release and waiver shall be governed by and construed in accordance with the laws of the State of Oklahoma.

NON-LIABILITY TO EXHIBITORS AND PATRONS

1. All property of every character entered for competition, display or any other purpose, or brought to OKCFP, by any person, shall be subject to the rules and regulations prescribed by OSF.
2. In no case, shall the OSF, its Board of Directors, officers, agents, representatives, servants, or employees be held responsible for any person coming to OKCFP for damage, injury, death or disability by disease, theft, or any other cause.
3. OSF hereby refuses to assume any responsibility for the safety, as bailee or otherwise, of any property brought to OKCFP.
4. If the property owners, or others interested in the property, desire protection against loss, damage or injury from fire, or any other cause, they must make their own arrangements and pay for such insurance.

OKLAHOMA LIVESTOCK ACTIVITIES LIABILITY LIMITATION ACT

Oklahoma State Statute §76-50.1-50.4 limits the civil liability of livestock activity sponsors, participants and livestock professionals. Exhibitors should familiarize themselves with this statute before submitting any entries.

CLAIMS FOR INJURY

1. OSF expressly refuses to assume any liability for injuries to any patron coming to OKCFP, and no claims for injury to any person or property shall ever be asserted, or suit initiated or maintained against OSF, its Board of Directors, officers, agents, representatives, servants or employees for said cause by any person having license or privilege to exhibit at OKCFP or occupying any space thereon, and it is part of the consideration for such license or privilege that such claims for damage are specifically waived.
2. If any damage, loss or injury to person or property shall be caused by reason of negligence or willful act of any person, firm or corporation, other agent, representatives, servants, or employees having license or privilege to exhibit on OKCFP property. OSF shall, in no manner, be responsible therefore, and in case to be subjected to any expense or liability, all persons causing same or liable therefore shall indemnify the OSF.

TRAFFIC/VEHICLE REGULATIONS

1. Notice is hereby specifically given that in admitting vehicles to OKCFP, whether those of exhibitors or patrons, and in permitting the bringing of any other property to OKCFP, OSF does not assume any responsibility therefore, or accept the custody thereof, nor assume the personal control thereof in any manner.
2. No motorcycles, ATV's, bicycles, skates, segways, skateboards, hoverboards, rollerblades, scooters or any other powered or unpowered device of a similar nature will be permitted into the OSF operating area (except for ADA needs). Vehicles parked in unauthorized areas will be reported to OSF police and subsequently towed and/or impounded. The owner or driver may be required to pay towing charges to recover the vehicle.
4. Within the Barn Complex, failure to comply with instruction from the OSF/EYO parking and security teams may result in a ban from showing at the Oklahoma State Fair. Upon arrival at Gate 7, event staff will write the driver's phone number on the driver's window of every vehicle before Barn Row entry is allowed. This phone number will be used by the OSF management to contact the appropriate person responsible for a specific vehicle when communication is needed regarding traffic concerns or violations. If OSF is unable to contact a driver for improper usage of the loading/unloading zone, OR if a vehicle is improperly parked within the Barn Complex, the at-fault vehicle will be **subject to off-site towing at the owner's expense**.

The W-9 form must be filled out according to who will be receiving the money (i.e., exhibitor, parent/guardian). Oklahoma State Fair, Inc. is not responsible for procuring this document. Premiums may be forfeited if a correct form is not received by the deadline. Options to return your completed W-9:

    a. Mail to: Oklahoma State Fair; Attn: Livestock Office, 3001 General Pershing Blvd, OKC, OK 73107

2. Any outstanding balance due to denied credit card payments must be paid via cash, cashier's check, or money order. OSF has the right to ban any exhibitor from future participation should there be a continuous problem.
3. Exhibitors make entries with the distinct understanding that their stock must be brought to the show ring for judging at the request of the superintendent or announcer. Any exhibitor refusing to do so, without just cause, when requested by the superintendent in charge, may forfeit any premium money previously won, and may also be required to remove their stock from OKCFP within six (6) hours, after such refusal, possibly barring them from further showing at the OSF.
4. Entry into any OSF event/show automatically authorizes the use of any photographs, videos, audios, cablecasts, or other likenesses, procured while in attendance, of any individual or group associated with any livestock/animal so entered or involved in competition or exhibition at the OSF. 2. There will be no refunds issued for the beef cattle "generator fee".
3. There will be no refunds issued for the two (2) percent processing fee.

ARENA/BARN RULES

1. OSF management will assign all stalls. Exhibitors making entries and not exhibiting will forfeit all fees paid for stalls, pens, space, or admission tickets. No stalls will be used for any purpose other than to stall competing livestock and those stalls that have been assigned to accommodate breed association booths**.** Management reserves the right to return entries when stall or tie out numbers are full.
2. OKC Fair Park has a no outside bedding policy. The individual exhibitor may be charged $5 per bag if an exhibitor brings in additional and/or excessive bedding. Questions regarding this policy can be directed to the Feed and Bedding Department at OKC Fair Park. Exhibitors may bring in the feed of their choice.
   For your convenience, **feed and bedding** is available at OKC Fair Park. Feed and Bedding is located west of Barn 7 and Gate 7. Call the Feed and Bedding office (405-948-6786) for current prices.
3. The use of electric, open flame or space heaters is prohibited. Cooking or any heat/flame food preparation is not allowed in the barns.
4. All fans used in the livestock area are to be attached in the following manner:
   a. Beef/Dairy: All fans must be hung securely above the tie area or on the stall. No fans will be allowed to operate from the center aisle or side aisle alley.
   b. Swine/Sheep/Goats/Other: Fans must be attached to the pens or on a pedestal in the pen. No fans will be allowed to operate from any position in the center aisle or in the side alley aisle. There will be no cords across the center aisle, and the user must tape down any cords used in the alley.
5. Any electrical equipment used in the barns must conform to manufacturer's specifications. Management strongly urges the use of fans with a three-wire ground plug. All electrical cords must be Underwriters Approved (UA).
6. Any form of penetrating nails, staples, tacks, screws, wire, fasteners, etc., as well as permanent tape, adhesives, glues, paints, or other markers/marking materials is prohibited. Any damage or alteration caused by the use of any of these types of items will be charged to the exhibitors and may be cause for expulsion from OKCFP. Flyers, advertisements, or any other documents cannot be posted anywhere other than on the specific bulletin boards in the barns, other than those for exclusive use by OSF management.
7. Management will assign tie outs for beef cattle in designated areas only, as space allows.
8. Wash animals in assigned and designated wash racks only. OSF staff and management will indicate appropriate wash racks for each species. Do not wash animals in stalls, walkways, streets, or any other non-designated area.
9. Taking animals into wash racks not allocated to a specific species or failing to remove animals from any arena/stall area and/or wash rack when so instructed will be considered unacceptable action/behavior and subject to immediate expulsion from the OKC Fair Park and possible future ban from the Oklahoma State Fair competitions.
10. Transfer animal waste from the stall to poly carts and return poly carts to the main aisle, if moved. Immediately remediate any spills of animal waste during the transfer process and place all spilled animal waste in bins.
11. OSF is committed to maintaining a tobacco-free environment in all its buildings, barns, and arenas. The use of all tobacco products (including cigarettes, e-cigarettes, cigars, pipes, vapes, and smokeless tobacco) is prohibited.
12. The use of "Port-a-cool" units is strictly prohibited. No exhibitor, spectator, or vendor, may bring, operate, install, or maintain a Port-a-cool evaporative cooling system within OKC Fair Park. Any Port-a-cool unit found on-site may be required to be removed immediately at the discretion of event officials.

13. OSF retains the right to assign stalls to animals (for each species) based on availability of stalls and total entries received. The total number of stalls assigned to a club, space (footage) for cattle ties, and the ratio of animals assigned to a single stall can vary at the discretion of OSF. There is no guarantee for:
    a. a specific number or location of stalls assigned to an exhibitor group
    b. a specific ratio of animals assigned to a single stall
    c. specific allotment of space given (per head of cattle) in the cattle barn AND outdoor tie-outs

    Failure to comply with OSF assigned stalls/locations:
    OSF management or administrative staff, superintendents, and show personnel will be policing the barns to identify stalls/exhibitors that have improperly placed/contained/located animals. If an exhibitor places an animal in an area of a barn that has not been assigned to them, the exhibitor will be required to move to their assigned area. The exhibitor is responsible for relocating the animal(s) as well as any equipment, tack, and/or feed and remove all bedding. Followed by an immediate detailed cleaning of all improperly used stalls. Failure to relocate will result in discipline that may include either a fine, and/or immediate expulsion from OKCFP with no refunds for fees paid, and/or future entries possibly being denied.

EXHIBITOR DUTIES and PRIVILEGES

1. The use of any drug or chemical compound that is not approved by the FDA for use in market animals is prohibited. The illegal administration of approved drugs and compounds is also prohibited. A positive test will result in disqualification.
2. The exhibitor will assume full responsibility for any violation of regulations related to drugs and medications to include withdrawal times and the condemnation of carcasses due to drug rule/regulation violations.
3. By virtue of entry into the show(s), Exhibitors agree to the following:

ANIMAL WELFARE POLICY

2026 OKLAHOMA STATE FAIR – Competition Guidelines

Oklahoma State Fair (OSF) is committed to the humane treatment of all animals exhibited. Every possible precaution is taken to ensure the animals' safety and well-being. Any exhibitor found using unethical practices or mistreating an animal at the OSF will be immediately removed from the premises and reported to the proper authorities. All privileges will be withdrawn, attraction fees will be prorated, and premiums will not be awarded.

ANIMAL EXHIBITS, SHOWS AND COMPETITIONS

It is the responsibility of the owner/exhibitor/handler/agent for each animal being brought to OKC Fair Park (OKCFP) to be aware of and adhere to the most current rules and regulations regarding animal transportation, disease control, vaccinations, and health documentation requirement, in accordance with the **Oklahoma Department of Agriculture, Food and Forestry, Animal Industry Services (ODAFF)**. For the most current information, call **405-522-6141** or access ODAF-Animal Industry State Veterinarian (https://ag.ok.gov/divisions/animal-industry-state-veterinarian/) and scroll down to the section for **Animal Movement and Importation**.

Any animal not cleaned or fitted to show as a true representative of the breed it represents shall be disqualified, and the judges will not award premiums on such animals. Exhibitors are requested to see that their attendants are neatly and appropriately dressed when their animals enter the show ring. Herds persons are requested to present an attractive and appealing barn exhibit(s), by keeping their stall areas neat and clean, keeping the spectator walkways clear of all straw, feed, etc., refraining from cooking in the barns, keeping audio equipment at a low volume, following any fire and life-safety rules, and maintaining positive behavior at all times.

1. **Summary of Program:** Exhibitors show animals for many reasons. The exhibition provides education to the public about livestock and farm animals, as well as the overall agriculture industry. Competition in the show ring provides a forum for comparison of livestock animals, based on selected or desired characteristics and genetics. The results contribute to breeding and overall species improvement. These selected characteristics are reflected in the market and usually follow consumer demand for a certain type of product, for example: leaner meat. The Fair also provides advertisements for the breeders and owners of the animals. The 4-H and FFA programs and other junior organizations teach valuable skills to youth, such as finance management, responsibility, decision making and leadership.
2. **Education:** OSF has several educational exhibits and programs designed to educate, entertain, and inform the public about livestock and agriculture. The Fair utilizes judging commentators during the livestock shows to involve and inform the public about what is taking place in the show ring. Commentators cover what the judge is looking for in the animals, judging terminology (or "reasons"), as well as fun and educational information about the judged animals. The junior livestock exhibitors display educational exhibits in the livestock area during the Fair. The Fair has a special livestock exhibit area designed to provide species diversity and special education.
3. **Livestock Exhibits**

EXHIBITOR GUIDELINES:

1. The Fair expects exhibitors to be knowledgeable about exhibit rules, about their projects and always to be prepared to answer questions. The exhibitor's role is that of an ambassador.
2. Exhibitors should learn additional details about animals and their roles in society. For example: it is fun and interesting to share by-product uses and other facts with the public. The Fair encourages educational exhibits in barns.
3. The Fair expects the exhibitors to cooperate with the AgriBusiness department, assistants, barn crews, the Fair management, and any appointed volunteers. The Fair also expects good sportsmanship, conduct and open communication.
4. Notify the AgriBusiness department if there is a confrontation with animal activists, or if there is someone approaching exhibitors and asking questions that make the exhibitors uneasy. Also notify the AgriBusiness department if someone who is unfamiliar or looks suspicious is taking photographs or video footage of the animals.

Livestock Exhibit Guidelines:

1. Keep the needs of the animals as the number one priority with regard to the following:
    b. Food and water are clean and fresh.
    c. Stalls are clean, with fresh bedding, and free of debris and waste.
    d. Animals are clean and well groomed.
    e. Transportation is safe and clean. Use care when loading and unloading.
    f. Stalls have enough space to prevent crowding, fighting or discomfort.
    g. Animals are tied in the stalls with enough slack in the rope so they may lie down.
    h. Use proper grooming techniques and equipment when preparing the animals for showing, to cause the least amount of discomfort to the animal.
    i. The management will not tolerate any practices deemed inappropriate, unethical, or inhumane. Report any sick animal immediately to the proper authority who may suggest that the exhibitor contact a veterinarian.
2. Feed shall be appropriate for the animal's age, weight, and species. Exhibitors should read all feed labels for appropriate use and portions. Adhere to all proper withdrawal times if using medicated feeds. Follow the requirements of the Food and Drug Administration (FDA) dosages and withdrawal times of drugs. The Fair prohibits any unnatural, inhumane weight control prior to weigh-in.
3. Exhibitors should know the proper use of all equipment and exhibit safety awareness. This includes removing equipment from walkways, so it is not a hazard to people or animals. Tack areas, stalls, pens, and cages shall be neat and clean, with equipment put away in tack boxes or stored out of the way. Exhibitors shall use all equipment for approved and legal use only.
4. For further guidelines, exhibitors should refer to their breed/show's official Show Competition Guide

EQUINE SHOWS AND COMPETITIONS

USDA AND APHIS (Animal and Plant Health Inspection Service), under the Horse Protection Act, prohibits making a horse sore to enhance its performance, and regulates horse shows. OSF also regulates horse shows regarding prohibited substances and the drugging of horses. USEF members and affiliated shows are subject to the rules and industry review program administered by the United States Equestrian Federation. Shows may also be subject to standards set by the individual breed associations, when and if applicable.

ANIMAL ATTRACTIONS AND EDUCATIONAL EXHIBITS

Fair management contracts and supervises animal attractions and educational exhibits. Both animal attractions and educational exhibits are required to provide educational material about their animals and their care to the public. Fair management encourages interaction with the public.

Prior to opening to the public, a Fair designated veterinarian may inspect each animal exhibit. The veterinarian may also make periodic checks throughout the Fair. Each animal exhibit will designate a representative to be responsible and to be available during the Fair operating hours to answer questions, talk to the media or respond to an emergency

1. General guidelines for care:
    a. Exhibit staff shall be available at all times. Signs will be posted informing the public of acceptable behavior in any petting facility.
    b. The staff should be familiar with basic animal husbandry practices.
    c. Keep animals groomed and clean at **all** times. Keep feed and water receptacles clean and free of debris. The exhibitor will clean animal stalls or pens daily. Properly dispose of manure and used bedding in the appropriate receptacles or areas. Replace old bedding with fresh material.
    d. Alternate and give rest periods to the animals especially during hot weather. The resting pens and working area shall have shade with proper ventilation.
    e. Feed animals a nutritionally balanced diet as appropriate and with consideration to the animal's age, weight, and species. Water regularly when working and have clean water available in resting pens.
    f. The facility operator should make an effort to control flies in the exhibit and resting areas. Proper and prompt disposal of manure and used bedding is beneficial to this effort.
    g. Exhibitors shall use all equipment for approved and legal uses only. The management will not tolerate any practices deemed inappropriate, unethical, or inhumane.
    h. Report any sick or injured animal immediately to Fair management, who may suggest that the exhibitor contact a veterinarian.

i. All animals are required to have a certificate of veterinary inspection within 30 days. Many species are required to have negative tests against certain diseases. It is the responsibility of the exhibitor to contact the Oklahoma Department of Agriculture, Food and Forestry at 405-522-6141 or http://ag.ok.gov to make sure all required testing has been performed.

2. **Animal Petting Facilities:**
   The design of an animal petting facility should help educate the public about different types of animals and animal care while regarding the animals' basic needs, including time away from the public. It should also provide a rare opportunity for contact and interaction with animals. Petting zoos may feature exotic animals not typically raised on farms.

3. **Pony Rides:**
   a. The ponies should have a pad or cushioned surface such as lawn or shavings to prevent ponies from walking on the ground or asphalt for extended periods.
   b. The pony ride should be a safe site, away from potential, unexpected noises, and sudden movements.
   c. Alternate the ponies to allow for reasonable rest periods.
   d. Water the ponies regularly.
   e. Do not expose the ponies to the sun for extended periods without breaks for rest, shade, and water.
   f. All equine are required to have a current Certificate of Veterinary Inspection (within 30 days) and a current negative Equine Infectious Anemia test (within 12 months).

4. **Pig Races:**
   Pig races provide fast-paced family entertainment and crowd interaction. The USDA regulates pig races and requires an exhibitor license for performing animals. The Oklahoma Department of Agriculture, Food and Forestry requires certificates of veterinary inspection, and negative tests for brucellosis and pseudorabies for pigs to enter the state. The owner/operator of the pig races may need to produce current, and correct, copies of all CVIs and results of blood tests as requested by OSF management, or in compliance with their contract. The owner/operator of the pig races may need to produce current, and correct, copies of all licenses as regulated by the USDA. Operators should maintain itinerary or schedule of OSF dates to document past and future exhibitions. Pig races shall follow the general policies outlined in this manual, as well as the appropriate feed for the piglet's age.

5. **Other Animal Exhibits (not previously listed):**
   It is up to the exhibitor of animal attractions including: any owner exhibiting animals doing tricks or shows; carnivals and concessionaires who exhibit regulated animals; anyone who uses regulated animals to promote or advertise goods and services; animals used to promote photographs or photography; and anyone exhibiting farm animals for nonagricultural purposes to have knowledge of and obtain in a timely manner any required licenses.

ANIMAL CARE POLICY DISCIPLINE AND VIOLATION NOTICE

1. Fair Management relies on staff members, volunteers, exhibitors, and the public to report any situations that may be potential policy violations.
2. Fair Management will investigate and determine the severity of all complaints and concerns.
3. If there is a violation of the Animal Welfare Policy, the exhibitor will receive a verbal warning and the steps needed to correct the violation.
4. With a second violation, the exhibitor will receive a written violation notice and Fair Management may call the Humane Society or veterinarian, at the exhibitor's expense, depending on the severity of the violation. The removal of animals and/or exhibitors from OKCFP may become necessary.
5. A record of the verbal violation warning, and copies of the violation notices will become part of the exhibitor's file. Fair Management will consider these before issuing another contract.
6. Any other public or staff complaint filed will become part of the exhibitor's file. The exhibitor will receive copies.
7. Fair Management reserves the right to disqualify any competitive exhibitors in violation of the animal care policy from any awards and premiums.

SHOW RING CODE OF ETHICS

2026 OKLAHOMA STATE FAIR – Competition Guidelines

Believing it is in the best interest of all livestock breeders to maintain a reputation of integrity and to continue to present a wholesome and progressive image in the show ring, the following list of practices are considered unacceptable in the presentation of livestock. The use of such practices or procedures is, therefore, considered a violation of the rules and regulations governing the OSF.

The following list of practices are considered unacceptable in the presentation of livestock:

1. Misrepresenting the age of the animal for the class in which it is shown.
2. Treating or massaging any part of the body internally or externally with an irritant, counter-irritant or other substance to temporarily straighten a weak back or loin or to produce unnatural animation.
3. Minimizing the effects of crampiness by feeding or injecting drugs, depressants or applying packs, or using any artificial contrivance or therapeutic treatment exempting normal exercise.
4. Striking the animal to cause swelling.
5. Surgery or other procedure performed to change the natural process of growth, maturation, contour, or appearance of any animal, to include teeth, is prohibited. Not included is removal of teats or horns, clipping and dressing of hair, and trimming of hooves.
6. Insertion of foreign material under the skin.
7. Any attempt to change the natural color of an animal, either purebred or crossbred, by changing the color or adding false hair, fleece or skin at any point, spot, or area of the animal's body.

9. The practice of artificial filling by pumping or any other device is prohibited.
10. Administration of a drug, of any kind or description, internally or externally, prior to entering the show ring, except for treating a recognized disease or injury and for tranquilizing bulls that may otherwise be dangerous or females in heat. For the purpose of these rules, the term "legal drug" shall mean any substance, the sale, possession or use of which is controlled by license under federal, state, or local laws or regulations and any substance commonly used by the medical or veterinary professions. The use of any chemical and/or compound that is not approved by the FDA for use in meat producing animals and the illegal use of approved chemicals and/or compounds are prohibited. All animals shall be subject to tests for foreign substances that exceed the acceptable levels established by the USDA, FDA, or EPA. A positive test will result in disqualification, forfeiture of any premiums and/or awards, and will exclude the exhibitor from future competition at the OSF. Licensed veterinarians will administer all medications only.
11. Balancing the udder by any abnormal means including the use of a mechanical contrivance or injection of fluid or drugs. Setting the teats and/or occluding, sealing the ends, with a mechanical contrivance or with the use of a chemical preparation. Treating or massaging the udder or its attachments with an irritant or counterirritant. The use of common products such as fly spray, ointment, or liniment in excess to the extent that it is irritating is included as an irritant unless required to reduce edema at the time of calving.
12. Criticizing or interfering with the judge, or other exhibitors, breed representatives or show officials before, during or after the event may result in an individual or group being expelled, placed on probation, declared ineligible, or barred from exhibiting at the event.

Any violation of the rules and regulations designed for the individual shows or the show ring code of ethics may result in forfeiture of all premiums and awards, disqualification, expulsion or probation of the exhibitor, organized group, individual or livestock involved. Probation, disqualification, expulsion, or other disciplinary action of OSF management will be final. Such action will require application for readmission under such terms as OSF management may prescribe before the group or individual is allowed to exhibit at future events.

The OSF is a member of the following show support organizations: North American Livestock Show and Rodeo Managers Association; and International Association of Fairs and Expositions. Premium assistance shall be included in the premium payments distributed by the Oklahoma State Fair to the exhibitors.

These rules are found in Part 2 Association Rules. The rules relating directly with the exhibition of Angus cattle are included in Part 2: Association Rules; Section 8 series. These rules can be found at www.angus.org.

10. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp, or other similar substances externally, and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.
11. At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member-owners at such shows shall be allowed to use any coloring agents, on any animal exhibited. 2. The registration number and animal identification number (number branded on animal) of each animal must be entered in an individual class, the sire of each get-of-sire and the dam of each produce-of-dam entry must be listed on the entry card of each animal entered.
3. Entries that have not complied with rule 1 and rule 2 will not be eligible to show, receive premium monies or earn points in the Association's register of renown.
4. Animals eligible to be shown in group classes must be entered and shown in individual classes.
5. Entries will be listed numerically according to age, oldest first, in catalogs and judging schedules. Include animal identification number (number brand) as a part of identification. When entering the arena for judging, the handlers will line up cattle numerically.
6. Judges will be allowed to comment on placings in selected classes when conditions permit.
7. Each animal will be presented in the show ring in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory constriction including banding or other appearance change, save only branding, tattooing, foot trimming or dehorning. Injections of foreign substances for cosmetic purposes shall be prohibited. If to the satisfaction of the ABBA's staff, officers, executive committee, or board of directors any animal has had its natural conformation and structure altered; then said animal shall be ruled ineligible to compete until such time the executive committee and owner(s) have reviewed the case.
8. In cases where families, companies, corporations, etc., are operated as a unit under the same management, but also have cattle registered in the name of the individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under the firm name provided they have not been, and will not be, shown in the name of the individuals.
9. For females being shown in the three oldest classes (*females calved September 1, 2024 – August 31, 2025), the exhibitor must have a certificate of pregnancy issued by a licensed veterinarian to be presented to show officials at time of check-in or registration paper check. The show reserves the right to perform pregnancy determination by palpation for females in the above classes at any given ABBA approved show if an official protest has been filed. Females exhibited in the last class **MUST** have a calf at the side. The only exemption from this rule will be cows that have already weaned a calf and a registration certificate of the calf **MUST** be presented to the judge.
10. **All bulls will be shown with a nose ring or nose restraint with lead attached.** For bulls being shown in the oldest class, the exhibitor must have a certificate issued by a licensed veterinarian stating the bull has produced viable semen. The certificate must be available for inspection by the judge on request.
11. Cows that are exhibited with calves at the side must be in a lactating stage. Calves must be shown and exhibited with their dams and said calves must not exceed 240 days of age on the day of judging. The ring steward will inform the judge which cows whose calves are ineligible to show by this rule.
12. Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.

13. The intent of the ABBA in shows that exhibit a large number of cattle is to divide the cattle into separate red and grey divisions.
    a. If so, the following procedure will apply. All grey cattle and solid black cattle will show grey. Red, black, and white speckled or red and white speckled cattle will show red. Cattle with questionable color pigmentation may be entered in the color division the breeder selects, however, said cattle are subject to inspection by a three (3) member ABBA committee. If the color commit/tee disagrees with the breeder, the pedigree and color of said animal will then be used to aid in the final determination. In those cases where questionable colored cattle possess both red and gray breeding, then the color committee will make the final determination. The decision of the color committee is final.
    b. Once animals have been classified, they will remain in that classification unless they were young at the time of classification and it is apparent that they have changed their color.
    c. In the get-of-sire and produce-of-dam classes, breeders will not be allowed to show cattle of mixed color. They will be entered as to the color division they are assigned by the color committee.
    d. At split shows where the color committee is not present, a staff member with two (2) ABBA directors will clarify questionable colored cattle for that particular show. The color committee will do the final classification.
14. The owner on record of any registered animal entered in an ABBA approved show and/or his/her agent, exhibitor, fitter, handler and/or representative releases ABBA and its representatives from any and all liability that the seller/owner might claim as a result of injury of any kind sustained before, during or after handling cattle for any ABBA board approved activity.
15. For shows to remain approved point shows by ABBA, they must maintain a 40 head average for the previous two (2) years.
16. The official ABBA rules and procedures governing showing and exhibiting of registered Brahman cattle supersede any rules printed in any show catalog.
17. In an attempt to ensure that all animals receive an equal evaluation at the national and international shows, classes with more than 30 entries, may at the discretion of the show management and/or ABBA officials be split by age as evenly as possible.

4. Animals eligible to be shown in group classes must be entered and shown in respective individual classes. Cows exhibited in the cow/calf classes are not eligible for the group classes. ***Cows exhibited in the cow/calf classes are not eligible for the group classes.**

The animals are eligible for inspection at future shows.

10. No animal may be shown that has been pumped with any amount of liquid at any time once the animal enters the grounds of a show. The official show veterinarian may administer liquids orally, if so needed, without disqualifying animal(s) from exhibition.
